<b>Covid 19</b>	All				Minimise use of indoor spaces where possible and follow current guidance	Review guidance in days before race	Owen SW
<b>THIS AREA IS FOR ADDITIONAL RISK ASSESSMENTS ON THE DAY</b>				0			

LIKELIHOOD - SCORE 1–5 – the more likely it is that the hazard occurs the higher the score

CONSEQUENCES – SCORE 1–5 – the level of harm that will arise – the more harm the greater the score

Multiply the Likelihood score by the Consequences score to assess whether the risk is acceptable and the level of action required to control the risk.

Total Score = 1-6 low risk activity can take place, 8-15 medium risk put extra measures in place for activity to continue, 16-25 high risk activity should not take place as planned.

- Canoeing and kayaking is by its nature an unpredictable sport and therefore inherently involves an element of risk.!
- Note that as a club affiliated to the British Canoeing, CCC has public liability insurance. All competitors must be covered by BC insurance, held through their personal BC membership, membership of one of the organising clubs, or purchase of BC Event Insurance.
